HUNTING PACKAGES – NORTH WEST PARKS BOARD

The North West Parks Board is making available a limited number of hunting packages for plains game in three of its nature reserves: Bloemhofdam Nature Reserve, SALombard Nature Reserve and Molopo Nature Reserve.

These packages are for immediate use and interested hunters are invited to contact the respective Reserve managers at the contact numbers below to book their hunts. This will be done on a first come, first serve basis, and unfortunately no additional hunts can be arranged.

The following need to be noted:

- The price exclude accommodation, hunting licenses, hunting vehicles, skinning, and slaughtering. These must be arranged by the hunters themselves.
- Bookings will be confirmed only after receipt of payment of least 50% deposit on the price of the packages. The bank details will be provided when booking is done. Hunters are required to use the reference number provided by the Reserve manager during payment. A receipt will be issued, and the booking will be confirmed. Hunters must also note that the full price for the package must be paid before they will be allowed to hunt, and if the full package is not completed, animals not hunted during the hunting trip will forfeited.
- Hunters must book accommodation at the respective reserves at the normal rate, for which a deposit will also be required.
- Hunters must also apply for the necessary hunting permits as soon as the booking has been confirmed at the NW Department of Economic Development, Environment, Conservation and Tourism Potchefstroom or Vryburg regional offices. <https://www.nipas.co.za/>

Covid-19

All hunting groups are reminded that the Disaster Management Regulations Level 3 will also apply during the hunts and hunters are obliged to follow the regulations. In terms of section 6.3, only “culling and subsistence” hunting is permissible, no recreational or sport hunting. The regulations describe “subsistence hunting” as hunting with the “primary purpose of obtaining game meat”. The North West Parks Board therefore need to issue a travel permit

to each hunter which will allow them to travel across district, metropole and provincial borders. According to the directives, only hunters are allowed on the hunting trips and non-hunters can unfortunately not join. Hunters must also use accommodation provided in the reserves, and no outside accommodation can be used. Hunters are further reminded that private vehicles shall not carry more than 60% of the licensed capacity, and that all directions in respect of hygienic conditions and the limitation of exposure of persons to COVID-19, must be adhered to.
