

MOTIVATION: APPLICATION FOR LICENCE TO POSSESS A
FIREARM

- PISTOL/REVOLVER/SHOTGUN (Choose relevant one)
(Enter Make & Model, Calibre)
(Enter Serial number)

Purpose of intended use:

SELF PROTECTION

Your name (ID no.) (**Annexure A1**)

Enter a short paragraph of:

- Where you live, add your proof of residence (**Annexure A2**)
 - What kind of work you do

1. COMPETENCY

- 1.1 I was declared competent to legally own handguns, rifles, and shotguns and issued with a competency certificate and was renewed on (enter date of renewal if applicable) with a new certificate number (**Annexure A3**).

2. PROFICIENCY TRAINING

- 2.1 I completed my proficiency training with (enter Training Provider) in (enter City) on (enter date) where I qualified in the following unit standards, US 10748 (handguns), US 10754 (shotguns), and US 10750 (rifles) (add or delete unit standards applicable to you) (**Annexure A4**)
- 2.2 I received SAPFTC and statement of results/SASSETA/POSLEC THETA (chose one relevant to you) certification for the abovementioned unit standards, and specifically for Handguns on (enter date of handgun unit standard completion) or Shotgun on (enter date of shotgun unit standard completion) (**Annexure A5**)

3. MEMBERSHIP OF ACCREDITED ASSOCIATIONS

- 3.1 I am a Member of the National Hunting and Shooting Association since (enter enrolment date) (**Annexure A6**).

4. DEDICATED STATUS

(if applicable otherwise delete no 4 if you do not have dedicated status)

- 4.1 I hold Dedicated Hunter status with the National Hunting and Shooting Association since (enter date of achieving dedicated status) (Annexure A7 & Annexure A7a).
- 4.2 I hold Dedicated Sports-Person status with the National Hunting and Shooting Association since (enter date of achieving dedicated status) (Annexure A8 & Annexure A8a).

5. MEMBERSHIP OF SHOOTING CLUBS

(if you are a member of an additional shooting club/range otherwise delete no. 5)

- 5.1 I am a paid-up member of (enter club name/shooting range where you hold membership) since (enter date) (Annexure A9).

6. FIREARMS I LEGALLY OWN

- 6.1 I legally own the following:

1. (Enter calibre, make and type e.g. 9mmP Glock Pistol), with the serial number (enter serial no) and license number (enter license no - on back of license) since (enter date of license issued) (Annexure A10).

I use this handgun for SPORT/HUNT (choose one) purposes and for participation in the NHSA In-House postal Target Shooting Events, and for their Postal Target Shooting. (Attach scores and activities report)

2. (Enter calibre, make and type e.g. .308 Howa Rifle) with the serial number (enter serial no) and license number (enter license no - on back of license) since (enter date of license issued) (Annexure A11).

I use this rifle for dedicated hunting in the bushveld and on plains game. With this Rifle I also participate in the NHSA In-House postal Target Shooting Events, and in their Annual National Postal Target Shooting Competition.

3. List all firearms as above

7. FIREARM THIS APPLICATION REFERS TO

- 7.1 I Have bought this (Enter make and model) pistol or shotgun (choose the relevant one) for self-protection as a main reason and also for occasional sport shooting.

I have the CZ 9mmP Pistol licensed in my name for Dedicated Sport Shooting.
The question may be – why would I not use this firearm for self-protection?
– The CZ is a well-known firearm, but it is too bulky and heavy to carry as a self-protection firearm and I cannot conceal this firearm under my clothes as the Act prescribes to do so.

- 7.2 This (for example) .45 calibre Glock Pistol is ideally suited for self-protection as it is easily concealable and a subcompact model. Almost all security and military personnel carry the Glock as it is one of the most rigid and reliable firearms there is.

8. PURPOSE OF USE FOR SELF PROTECTION

*****WHAT DO YOU NORMALLY DO ALOT OR FREQUENTLY AND IDENTIFY THE CRIME RELATED ACTIVITIES AROUND THAT. GET EXAMPLES FROM GOOGLE AND ADD THAT AS PROOF TO SHOW NECESSITY AS WELL AS CRIME STATISTICS WHERE YOU LIVE, TRAVEL TO WORK ETC, NEWS ARTICLES OF CRIMES IN AREAS ALSO ESSENTIAL

ONE EXAMPLE

- 8.1 I would like to explain my situation why I need this Glock for self-protection:

Me and my wife cycle a lot in non-urban areas with our mountain bikes. This sometimes creates uneasy problems as there are no other places to ride except on the tar roads which is a great danger due to the road conditions and traffic as well as all the accidents that cyclists have which they don't usually walk unscathed away from.

We also like the outdoors and to be active. I also train myself for competition days and ride up to 50 kilometres per day which makes you very fit but also very tired. In this instance if you should get knocked off your bike by a would-be thief you are hurt in the first place, secondly you are tired, so you cannot defend yourself against three or four attackers. A lot of these cases there has been people shot, held at knifepoint and some

people also have been robbed by people that had “pangas” – This statistics and statements I got from this website – <http://www.selectcyclingclub.co.za/>

- 8.2 As it shows in the previous statement and attachments you will see that most of these attacks happened to people whilst they were off the road in places where nobody saw them – This is, unfortunately, the place where we need to ride in order to get ready for competitions/tournaments. This is also some of the places where we have been riding and also some of the places that we want to go and ride.

It seems that we are arrogant and ignorant of the incidents, but I mention this again – this is the only place that we can ride to prepare for competition days as it is a great risk that we take to ride on the tarred roads because of the heavy motor vehicles and high accidents rates. To me in my personal mind the road is there for motor vehicles and motorcycles not for cyclists.

- 8.3 We live in a quiet “cull de sac” which is very nice but also can fall victim to house break-ins car theft or Hi-Jack possibilities. (ATTACH PHOTOS TO SHOW PROOF TO WHAT YOU STATE)

- 8.4 We do sometimes have power outages (Likely load shedding), which means that we sit with no lights outside the premises which makes it ideal for people to hide in nearby bushes for an ambush on the people in that area. We will then also be forced to open the motorized gate manually which also constitutes a potentially dangerous situation. (SHOW GATE AND AREA INSIDE AND OUTSIDE GATE)

- 8.5 We have connected a Linked alarm system with (Enter security company) which is an armed reaction response agency. (ATTACHED SECURITY CONTRACT OR PROOF)

- 8.6 We have security gates/bars on all opening doors and windows but there are some of the places where it is still easy to gain access. The problem of this issue is that we are currently renting this premises and that the landlord does not want to put up extra burglar bars. I do however activate the alarm when we are not at home or when we go to bed at night and also lock the master bedroom door for extra security measures.

- 8.7 Also this can be seen from the crime statistics that I got from the SAPS website (Annexure 18)

The statistics show an increase in violent crimes in the area of Brooklyn where we live and work currently in 2018.

9. SAFE STORAGE

9.1.1 I will store my firearms in The SABS approved safe that has been inspected by my DFO on (enter date of inspection) and has found it to be in order.

- Please remember to complete the Safe statement (Annexure A) and add photos of the safe (show where safe has rawl bolts attached)

10. APPLICATION FOR SELF PROTECTION (SECTION 13 OF ACT 60/2000)

10.1 Against this background I sincerely request the central firearms registry to grant me a license for this specific (Enter calibre, make and model e.g. .45 Glock Pistol) with serial number (enter serial no), for the purpose of self-protection.
