**MOTIVATION: LICENCE APPLICATION FOR A NEW FIREARM  
RENEWAL OF AN EXISTING FIREARM LICENCE**

*(select from the above applicable to you application)*

**SEMI-AUTO RIFLE /CARBINE MAKE : ..... - SERIAL NO: .....-  
CALIBRE: .....**

**PURPOSE:**

**(ii) DEDICATED: SEMI AUTO RIFLE SHOOTING**

*The motivation below refers to an application for a Section 16 Licence for a Semi-Auto Rifle /Carbine, make ....., calibre..... with serial number ....., which will be used for Dedicated Sport Shooting exercises in the NHSA's Target Shooting Disciplines.*

*The Semi-Auto Rifle /Carbine I currently own is a Rim-Fire / Centre-Fire / Calibre is not set-up for the exercises I will be competing in. .... (if applicable).*

-----

I, Name..... (ID ..... ) (Annexure A1), live at Address , .....,  
..... (Annexure A2)

**1. PROFICIENCY TRAINING**

I completed my proficiency training with (providers name ..... and Training on (date) ..... where I qualified in following unit standards, US 190748 (handguns), US 10754 (shotguns), US 10750 (rifles) and US 119651 –(Manually Operated or Carbine). (Cert no: CT 1713) (Annexure A3). *(select from the above applicable to your competency)*

1.1 I received POSLEC certification for the abovementioned unit standards, on (date) ..  
..... (Certificate number.....) (Annexure A4)

**2. COMPETENCY**

2.1 I was declared competent to legally own handguns, rifles, carbines and shotguns and issued with competency certificate number ..... on (date) ....., which

competency certificate was renewed on (date)..... with new certificate number, .....(Annexure A5). *(select from the above applicable to your competency)*

### 3. MEMBERSHIP OF ACCREDITED ASSOCIATIONS

- 3.1 I am a paid up Member of the National Hunting and Shooting Association since (date) ..... Renewal Date ..... (Annexure A6).

### 4. DEDICATED STATUS

- 4.1 I hold Dedicated Hunter status with the National Hunting and Shooting Association since (date)..... (Annexure A7 & A8).

### 5. MEMBERSHIP OF SPORT SHOOTING CLUBS

- 5.1 I am a paid-up member of The Premier Shooting Club since (date) .....11. .... If applicable (Annexure A11). ..... *(if applicable).*

- 5.2 I am a paid-up member of (other firearm related organisation). .....If applicable (Annexure A12)..... *(if applicable).*

### 6. SPORT SHOOTING, HUNTER & WINGSHOOTING TRAINING

- 6.1 I successfully completed the theoretical and practical Sport shooting sections with (organisations name) .....(Annexure A13)..... *(if applicable).*

- 6.2 I have successfully completed the extensive Hunting and Wingshooting training course presented by (organisations name) .....( Annexure A14)..... *(if applicable).*

### 7. FIREARMS I CURRENTLY OWN. (Battery). *(Describe the Firearm's you own and this application)*

- 7.1 I legally own a (make)....., in the .....calibre with serial number ..... (Annexure A15). **This handgun is a Section 13 for Self-protection. To compact and have an undesirable recoil for precision sport shooting.**

- 7.2 I legally own a (make)..... in the ..... calibre with serial number ..... and licence number ..... (Annexure A15). **This handgun is a Section 16 hunting handgun that I use as a back-up firearm when hunting, to use for a humane kill shot if the animal is wounded, and to be used for the same reason to save my trophy.**

7.3 I legally own an (make) in the ..... calibre with serial number 2268 and licence number 6385520 (Annexure A15). **I use this rifle for the hunting of medium sized game from Impala to Reedbuck & Red Hartebeest in both the Bushveld and for Blesbok in the open flats of the Karoo and Free State.** The hand loaded hunting cartridges (bullet weight – 165gr Peregrine VRG4) I use in this rifle is purposely formulated for the set-up of the rifle to ascertain accurate shots up to 300m to ensure a one-shot-kill, and is not suited for long-range sport shooting up to 1,000m for which the rifle this application refers to, is meant for. I do use this rifle for long range shooting with 155gr Nosler Competition bullets, but it just does not have the capacity to shot accurately over 350m.

7.4 I legally own a Semi-Auto Rifle /Carbine (make).....in the ..... calibre with serial number .....and licence number ..... (Annexure A16). **I use this rifle /carbine for the hunting of specifically springbok and mountain reedbuck in the hills and on the open flats of the Free State, Karoo and Kalahari.** The hand loaded hunting cartridges (bullet weight - 87gr Peregrine VRG4) I use.

7.5 I legally own a (make)....., in a 12ga Side by Side with serial number ..... (Annexure A15). **I use this semi-auto rifle /carbine ... explain fir which exercises**

7.6 I legally own a (make)....., in a 12ga Over /Under with serial number ..... (Annexure A15). **I use this shotgun for Clay shooting.**

7.7 I legally own a (make) in the .22 calibre with serial number ..... and licence number ..... (Annexure A16). **I use this rifle for sport shooting to keep my eye in and to teach my grandchildren to handle firearms safely and to learn them shoot.** This rifle is definitely not suited for long-range sport shooting up to 1,000m for which the rifle this application refers to, is meant for.

8. **PURPOSE OF USE OF NEW**  
**(make) .....–(calibre)....., with serial number.....**

8.1 As can be seen from the content of paragraph 7 above, I do not own any semi-auto rifle / carbine that can for fill the need of and which has the capable and accurate for rapid shooting for the sport shooting categories that I would like to compete or part take in. That then also forms the basis for this application to acquire this semi-auto rifle //carbine, which is specifically built for rapid fire against time.

8.3 Short description and capabilities of this firearm **(not multiple pages of history and data)**

- .....
- .....
- .....
- .....
- .....
- 8.5 I am a member of the National Hunting and Shooting Association and owning this semi-auto for sport shooting will allow me to also participate in their annual Postal Shooting Competitions on a more regular basis with this semi- auto Rifle /Carbine. It will also make it possible for me to compete in other shooting competitions and will also be able to join my friends on the shooting range with my own Semi-auto.
- 8.6 It is not convenient to have my own semi-auto rifle / carbine, seeing that I have to lent semi-auto from friends and family and have to arrange for shooting or invites from them to go and shoot. I am also in a disadvantage position during competitions and other shooting events, due to the fact that I have to slot in with other people's arrangements and event selection, I cannot become competitive without equipment that fits my needs. It is not possible to fit in with other people's time and arrangements due to my personnel circumstances.
- 8.7 NHSA is focused on presenting Sport Shooting in a context of leisure through its In-House Postal Shoots in which they present a total of 37 different exercises catering for all kids of firearms owners that may hold licenses for from small to the largest firearms. The advantage of the use of NHSA National Postal Target Shooting Competition is that I can shoot at any range of my choice, at any time of my choice that are recognized and or list by them.
- 8.8 The NHSA's Postal Shooting Exercise in which I regularly compete, will be part take in (see Annexure A17), has the following specifications:
- 8.9 Below are a short description of the exercises I will part take in the Postal Shooting Exercises mentioned in the paragraph's above. I have a need for a semi auto rifle /carbine that I would need for sport shooting events and competitions.

## EXERCISES

### SEMI-AUTO RIFLES - RAPID FIRE SHOOTING EXERCISES

<https://natshoot.co.za/postal-shooting/postal-shooting-exercises-and-targets/semi-auto-rifle-shooting>

#### **NOTE**

***It is compulsory that a video of the specific exercise being shot shall be made for ratification if need arises. The video must be taken from behind the shooter in such a manner that the shooting position of***

*the shooter is visible in relationship to the required targets of the exercise. The video must also capture the shooting time used for all targets of the exercise.*

-----

## **.22 RIMFIRE SEMI-AUTO RIFLE EXERCISES**

25m & 25m, .22LR Rimfire Semi-Auto Exercise - **Score Sheet / Target A / Target B** Only Rimfire Semi-auto Rifle / Carbines in Calibre .22LR

## **CENTRE-FIRE SEMI-AUTO RIFLE EXERCISES**

25m & 25m, Pistol Calibre Semi-Auto Exercise - **Score Sheet / Target A / Target B** Only Centre-Fire pistol calibre Semi-auto Rifle / Carbines in Calibres - i.e. 9mmP, .40 S&W, .45ACP

25m & 50m, (20 Cal) 223 / 5,56 Semi-Auto Exercise - **Score Sheet / Target A / Target B** Only Centre-Fire Rifle / Carbines in 22 Cal - 223 / 5,56mm

25m & 50m, (30 Cal) 308 / 7,62 Semi-Auto Exercise - **Score Sheet / Target A / Target B** Only Centre-Fire Rifle / Carbines in 30 Cal - 308 / 7,62mm

25m & 50m, 4 Target Dave Hutton Semi-Auto Challenge - **Score Sheet / A-Target / B-Target / C-Target / D-Target** All Semi-Auto Rifles / Carbines up to 50 Cal. (.22 Rimfire not allowed)

8.9 I would like to better my own achievements with this semi-auto, but it is clear it has to a certain extent, become an equipment related problem to solve, as my current semi-auto is just not good enough. (see Annexure A18 and A19 as proof of my participation in the NHSA National Postal Target Shooting Competition). .....if applicable

## **9. RELOADING OF AMMUNITION**

9.1 I have been reloading all my rifle calibres since (years),....., with exception of the .22LR which is a rimfire cartridge which cannot be reloaded (see Annexure A21 which depicts sections of my reloading room).

9.3 I shall start my reloading for the (calibre and make )..... with reload data recommended, my own reloading development parameters and process , which will surely differ for my current semi-auto rifle /carbine, as each firearm has its own optimum load characteristics and preferred load configuration for a specific calibre, overall cartridge length (bullet seating depth) for each individual calibre.

## **10. SAFE STORAGE**

### **10.1 RESIDENTIAL**

My house is surrounded by (height) .....m walling, with palisade fence above and an additional electric fence. Trelley doors are fitted to all my doors as well as my passages in my house . My house is fitted with an internal and external active and passive sensors and beams

### **10.2. SAFE**

I have fitted a prescribed SABS approved safe (SABS Standard 953-1 and 93-2) as stipulated in the Regulation 86 of the Firearm Control Regulation, 2004 (Safe Keeping Facilities) in which I shall store the firearm (Annexure A22)

It has been inspected by the SAPS at a previous application and found to be in order.  
(if applicable)

## **11. APPLICATION FOR SEMI-AUTO RIFLE /CARBINE FOR DEDICATED SPORT SHOOTING**

- 11.1 Against the above-mentioned background I request the central firearms registry to please grant me a licence for this (make) ..... semi-auto in the ..... calibre with serial number, , to be used for Dedicated – *Semi-Auto Rifle Shooting*.
